

History of Feminism

- Curated online collection of resources covering the Long Nineteenth Century of Feminism (1776-1928)
- Contains 1,000's of chapters of primary source material; more than 1,000 chapters of secondary book material; and 100 journal articles
- Comprehensive cross-linking, fully searchable text, and topic-based browsing options allow students and researchers to understand the social and historical context of events and decisions better than with traditional, offline resources
