

# Access key research across Science & Technology journals from over 500 peer-reviewed journals.

500+  
journals

10k+  
volumes of research

720k+  
peer-reviewed articles

With over 82% of journals included in Clarivate Analytics Citation Indexes / Web of Science®, the Science & Technology portfolio can be accessed via Taylor & Francis Online, which also allows you to:

- Keep up-to-date with the latest **trending** research
- Explore key research published in partnership with international **societies**
- Easily **browse** content by your specialist subject area
- View and download **citation** information

## Featured Journals

- Advances in Physics
- Autophagy
- Catalysis Reviews
- Contemporary Physics
- Critical Reviews in Biochemistry and Molecular Biology
- Critical Reviews in Biotechnology
- Critical Reviews in Environmental Science and Technology
- Critical Reviews in Food Science and Nutrition
- Critical Reviews in Microbiology
- Critical Reviews in Plant Sciences
- Critical Reviews in Solid State and Material Sciences
- Human-Computer Interaction
- International Materials Reviews
- Journal of Operational Oceanography
- Polymer Reviews

## Notable authors

**Enrico Bombieri**, Fields Medallist and published in *Experimental Mathematics*.

**Huijun Gao**, listed in Thomson Reuters' World's Most Influential Scientific Minds 2014. His work is published in Taylor & Francis' *International Journal of Control* and the *International Journal of Systems Science*.

**Kevin Warwick**, multiple award winner for his work covering artificial intelligence, deep brain stimulation, and medicine. His paper about 'Human Misidentification in Turing Tests' is one of the most successful articles the *Journal of Experimental & Theoretical Artificial Intelligence* has ever published.

**Pierre-Louis Lions**, Fields Medallist and published in *Communications in Partial Difference Equations*.

**Professor Robert Langer**, the most cited engineer in history, has published in a number of Taylor & Francis journals.

# Taylor & Francis Online

Fully responsive interface.  
Start exploring world-renowned academic research with Taylor & Francis Online.

### The platform has:

- A clean, intuitive and responsive user interface
  - Enhanced discoverability
- Easy-to-use search and browse functionalities

## Key Features

### For researchers

- **Enhanced discoverability** with multi-faceted search makes finding articles and journals simpler and faster, with options to filter by subject, publication date, and access options.
- **Easy manuscript submission**, clear information and instructions designed to meet the needs of anyone looking to publish their research.

### For journal editors and learned societies

- **Prominent journal branding**, making it easy for readers to identify and access key journals. Journal titles and covers are elevated and journal pages offer an improved display of related and key content using a streamlined and easy to read new "card" design.
- **Improved video display** in HTML5 provides more impact for journals with video abstracts or video content.
